## Objective

React web developer with app state managment (Redux), api consumption (Redux-saga / Redux-thunk) and UI/UX design skills.

I'm currently seeking for a position as a React developer, to contribute to the development of high-quality user experiences in digital environments.

## React experience

### HEROES APP

[LIVE](#)[CODE](#)

2020

#### Technologies

REACT

REDUX

REDUX THUNK

REACT ROUTER

TYPESCRIPT

HTML

STYLED COMPONENTS

WEBPACK

MOCHA

CHAI

ENZYME

CSS / SCSS

#### Core concepts
